New Survey Tools

Below are two survey tools designed and modified from the previous surveys indicated in Appendices E and F. These surveys are intended to be distributed to food recovery providers and recipients in Montgomery County through paper format or phone calls. They can also be put into online survey software such as Google Forms, Qualtrics, or Survey Monkey.

Survey for Providers

1. Email Address: ______________
2. Name of Organization: ______________
3. Describe your organization’s efforts in providing access to foods in Montgomery County:
   __________________________________________________________
   __________________________________________________________
